WHERE FAITH AND LEARNING MATTER

CHILLIWACK ADVENTIST CHRISTIAN SCHOOL

You are invited to discover how education at CACS can make a positive impact on you and your family.

FAITH

At CACS, you will find, in addition to Bible classes, a Christ-centered curriculum. Our teachers are dedicated to integrating faith and curriculum. CACS believes in educating the whole being - the physical, the mental, and the spiritual, as a harmonious whole. There are biblical connections throughout the curriculum, as well as an emphasis on character education, and the development of family education.

Caring

CACS is a family of caring teachers, students, and parents. Each teacher is dedicated to their students' well-being and is committed to having a lasting impact on their students and community.

ACADEMICS

CACS follows the requirements of the BC Ministry of Education as well as the curriculum guidelines established by the BC Conference of Seventh-day Adventists.

- **Multi-grade classes**

Multi-grade education allows each student more opportunities for enrichment as well as remediation. Additionally, there is a strong focus on leadership skills and opportunities are provided for application of these skills.

- **Small class sizes**

CACS offers low student-teacher ratios. At CACS, every child has a chance to shine.

- **Structured physical education, music programs, field trips, and themed hot lunches**

Gymnastics lessons, swimming, skating, camping, and other field trips. Additionally, there are activities such as a K-3 garden program, music concerts, dramas, science fairs, and community service.

- **AFFORDABLE**

CACS is very affordable with low tuition costs and family discounts, as well as an early bird registration discount in February and March.

- **Community Service Oriented**

Part of our mission is to teach students to "give back" to our community.
